STAT

Your two recent letters from the latter part of June have arrived, and I should like to thank you very much for all the information contained therein. The information was quite interesting, and I appreciate very much your forwarding it on. It has been properly passed around to the people who should get it. If you have, in the future, other information, I should be very glad if you would send it on.

As far as regards the  situation, nothing will be done at the present time although I think things are looking up, and we may be able to take some steps in the late fall. You may be sure that I am interested in it, and I am trying to push it, but there are a lot of people whose acquiescence is a little bit hard to get.

With very best wishes, believe me,

Sincerely,

a/h -

Rear Admiral, USN
